- 3Q24 Earnings Preview: TTB To Be Top Performer
- Stay NEUTRAL; Pecking order: Kasikornbank (KBANK)>TMBThanachart Bank (TTB) > Bangkok Bank (BBL) > SCBX (SCB). While we expect Thai banks under our coverage (TH Banks) to post unexciting 3Q24 earnings (with TTB to be the top performer) and face lingering asset quality challenges, these pressures should ease in 2025. Cheaper valuations vs regional peers and the positive impact of the Vayupak Fund are also price catalysts.
- Unexciting 3Q24F. We expect TH Banks to post unexciting 3Q24 earnings (+3% YoY, -4% QoQ). Sector loan growth should remain weak (-1.9% YoY, -1.5% QoQ) as TH Banks continue to prioritise quality over growth. NIM should still drop QoQ, albeit at a slower pace vs 1Q and 2Q, as most banks lower their deposits to match the weak loan growth. The exception is SCB, which is expected to see a deeper QoQ NIM contraction due to the high base in 2Q24 (from a one-off interest income from corporate loan debt settlements in 2Q24). Credit cost is expected to dip slightly YoY and QoQ, in line with the potential for lower gains on investments measured at fair value through profit or loss (FVTPL) in 3Q24F vs the high gains in 2Q24. Key deviation vs our earnings forecast could come from the FVTPL gains on investments, which are difficult to estimate.
- TTB to be the top performer in 3O24F. We expect TTB to see outstanding 3Q24 earnings growth relative to peers, both YoY and QoQ (+13% YoY, flat QoQ vs sector average of +3% YoY, -4% QoQ). This should be primarily due to tax benefits (remaining tax advantage of THB12.7bn as of 2Q24), which should be its main earnings driver until 2028. While other banks will likely see rather flat YoY and QoQ earnings, KBANK may see a deeper QoQ fall on expected lower investment gains vs 2Q24's massive gains of THB3.2bn.
- Muted loan growth as banks prioritise quality. Loans should remain weak mainly due to slow growth or contractions in consumer loans (especially unsecured loans), given the lingering pressure from high household debt and the banks' policy to prioritise asset quality. Still, corporate loans should continue to be the main growth segment. Note: BBL's 3Q24 loans could see a sharper drop QoQ due to repayment of some corporate clients.
- Asset quality still the main challenge. 3Q24 asset quality and NPL ratio are expected to slightly weaken QoQ due to lingering pressure from high household debt and QoQ loan contraction. However, based on our recent meetings with TH banks, most banks still do not see this as a major concern. We expect the situation to gradually improve in 2025 on a better economic outlook, the acceleration of budget disbursements, and several upcoming stimulus measures by the Government.
- Cheap valuation, Vayupak Fund the main price catalysts. We still see some new investments from the Vayupak Fund (fund size: c.THB150bn) and TH Banks' cheaper valuations vs regional peers (P/BV at the low band of c.-1SD vs >+1SD for Indonesia and Singapore banks, and c.-0.5SD for Malaysia banks) as the main price catalysts for TH Banks.

**Top Picks Target Price** Kasikornbank (KBANK TB) - BUY **THB177** TMBThanachart Bank (TTB TB) - BUY THB2.10

#### Investment Research Disclaimers

RHB has issued this report for information purposes only. This report is intended for circulation amongst RHB and its affiliates' clients generally or such persons as may be deemed eligible by RHB to receive this report and does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person who may receive this report. This report is not intended, and should not under any circumstances be construed as, an offer or a solicitation of an offer to buy or sell the securities referred to herein or any related financial instruments.

This report may further consist of, whether in whole or in part, summaries, research, compilations, extracts or analysis that has been prepared by RHB's strategic, joint venture and/or business partners. No representation or warranty (express or implied) is given as to the accuracy or completeness of such information and accordingly investors should make their own informed decisions before relying on the same.

This report is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to the applicable laws or regulations. By accepting this report, the recipient hereof (i) represents and warrants that it is lawfully able to receive this document under the laws and regulations of the jurisdiction in which it is located or other applicable laws and (ii) acknowledges and agrees to be bound by the limitations contained herein. Any failure to comply with these limitations may constitute a violation of applicable laws.

All the information contained herein is based upon publicly available information and has been obtained from sources that RHB believes to be reliable and correct at the time of issue of this report. However, such sources have not been independently verified by RHB and/or its affiliates and this report does not purport to contain all information that a prospective investor may require. The opinions expressed herein are RHB's present opinions only and are subject to change without prior notice. RHB is not under any obligation to update or keep current the information and opinions expressed herein or to provide the recipient with access to any additional information. Consequently, RHB does not guarantee, represent or warrant, expressly or impliedly, as to the adequacy, accuracy, reliability, fairness or completeness of the information and opinion contained in this report. Neither RHB (including its officers, directors, associates, connected parties, and/or employees) nor does any of its agents accept any liability for any direct, indirect or consequential losses, loss of profits and/or damages that may arise from the use or reliance of this research report and/or further communications given in relation to this report. Any such responsibility or liability is hereby expressly disclaimed.

Whilst every effort is made to ensure that statement of facts made in this report are accurate, all estimates, projections, forecasts, expressions of opinion and other subjective judgments contained in this report are based on assumptions considered to be reasonable and must not be construed as a representation that the matters referred to therein will occur. Different assumptions by RHB or any other source may yield substantially different results and recommendations contained on one type of research product may differ from recommendations contained in other types of research. The performance of currencies may affect the value of, or income from, the securities or any other financial instruments referenced in this report. Holders of depositary receipts backed by the securities discussed in this report assume currency risk. Past performance is not a guide to future performance. Income from investments may fluctuate. The price or value of the investments to which this report relates, either directly or indirectly, may fall or rise against the interest of investors.

This report may contain comments, estimates, projections, forecasts and expressions of opinion relating to macroeconomic research published by RHB economists of which should not be considered as investment ratings/advice and/or a recommendation by such economists on any securities discussed in this report.

This report does not purport to be comprehensive or to contain all the information that a prospective investor may need in order to make an investment decision. The recipient of this report is making its own independent assessment and decisions regarding any securities or financial instruments referenced herein. Any investment discussed or recommended in this report may be unsuitable for an investor depending on the investor's specific investment objectives and financial position. The material in this report is general information intended for recipients who understand the risks of investing in financial instruments. This report does not take into account whether an investment or course of action and any associated risks are suitable for the recipient. Any recommendations contained in this report must therefore not be relied upon as investment advice based on the recipient's personal circumstances. Investors should make their own independent evaluation of the information contained herein, consider their own investment objective, financial situation and particular needs and seek their own financial, business, legal, tax and other advice regarding the appropriateness of investing in any securities or the investment strategies discussed or recommended in this report.

This report may contain forward-looking statements which are often but not always identified by the use of words such as "believe", "estimate", "intend" and "expect" and statements that an event or result "may", "will" or "might" occur or be achieved and other

similar expressions. Such forward-looking statements are based on assumptions made and information currently available to RHB and are subject to known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievement to be materially different from any future results, performance or achievement, expressed or implied by such forward-looking statements. Caution should be taken with respect to such statements and recipients of this report should not place undue reliance on any such forward-looking statements. RHB expressly disclaims any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or circumstances after the date of this publication or to reflect the occurrence of unanticipated events.
