- **Maintain BUY and THB24.70 TP, 25% upside with c.8% yield.** Supalai is among the large local developers with strong potential for FY24 earnings growth, supported by its consistent expansions into new markets domestically and overseas.
- **4Q23 to see FY23's highest earnings.** We expect 4Q23 net profit of THB2bn (-7% YoY, +70% QoQ), driven by: i) Stronger sales revenue from housing projects, especially Australia projects, ii) solid GPM, and iii) stringent control on SG&A expenses. 4Q23 core revenue should grow to THB10bn (+3% YoY, +40% QoQ), representing FY23's strongest quarter, while the bulk of revenue from the condominium segment will come from the Supalai Premier Si Phraya-Samyang project. About 70% of project sales revenue will be derived from the low-rise project segment, while the Australia business will provide another boost to 4Q23 core revenue. While there should be a higher revenue proportion of below-average Australia projects recognised in 4Q23, we expect 4Q23 GPM to remain strong at 36%. As SPALI launched new projects worth THB7.62bn in 4Q23, SG&A expenses should remain under control and grow only by 0.2% YoY.
- **FY23 earnings revision.** Despite expectations of 4Q23 being FY23's strongest quarter, we revised down our FY23 net profit estimate by 11% to THB6bn (-27% YoY) to reflect SPALI's slower new project launches, presales, and transfers of housing units. Note that 4Q23 presales declined to only THB5.4bn (-28% YoY; -14% QoQ), causing FY23 presales to plunge 11% YoY to THB28.9bn. The company has also postponed new launches of low-rise projects from 4Q23 to FY24. This should result in a moderate 10% YoY decline in FY23 core revenue.
- **Committed to higher FY24 targets.** After failing to meet all of its FY23 business targets, SPALI recently set high targets for FY24. Targets for presales and core revenue are at THB36bn each. It also plans to launch 42 new projects worth up to THB50bn in FY24. Note that low-rise projects will remain its focus, with the segment accounting for 87% of its new project launches.
- **Strong potential for FY24 earnings growth.** As we expect FY23 earnings to decline significantly YoY, FY24 earnings should grow +30% YoY, supported by five condominium projects being transferred from 1Q24 onwards (vs only two project transfers in FY23).
- **ESG.** Based on our analysis, the ESG score for Supalai remains at 3.3 against the country's median score of 3.2. Therefore, our TP includes an ESG premium of 2%, and is pegged to FY24F P/E of 6.1x.

Any order for the purchase or sale of all securities discussed herein must be placed with and through a registered U.S. broker-dealer as appointed by RHB from time to time as required by the Exchange Act Rule 15a-6. For avoidance of doubt, RHB reiterates that it has not appointed any U.S. broker-dealer during the issuance of this report. This report is confidential and not intended for distribution to, or use by, persons other than the recipient and its employees, agents and advisors, as applicable. Additionally, where research is distributed via Electronic Service Provider, the analysts whose names appear in this report are not registered or qualified as research analysts in the United States and are not associated persons of any registered U.S. broker-dealer as appointed by RHB from time to time and therefore may not be subject to any applicable restrictions under Financial Industry Regulatory Authority ("FINRA") rules on communications with a subject company, public appearances and personal trading. Investing in any non-U.S. securities or related financial instruments discussed in this research report may present certain risks. The securities of non-U.S. issuers may not be registered with, or be subject to the regulations of, the U.S. Securities and Exchange Commission. Information on non-U.S. securities or related financial instruments may be limited. Foreign companies may not be subject to audit and reporting standards and regulatory requirements comparable to those in the United States. The financial instruments discussed in this report may not be suitable for all investors. Transactions in foreign markets may be subject to regulations that differ from or offer less protection than those in the United States.

DISCLOSURE OF CONFLICTS OF INTEREST

RHB Investment Bank Berhad, its subsidiaries (including its regional offices) and associated companies, ("RHBIB Group") form a diversified financial group, undertaking various investment banking activities which include, amongst others, underwriting, securities trading, market making and corporate finance advisory.

As a result of the same, in the ordinary course of its business, any member of the RHBIB Group, may, from time to time, have business relationships with, hold any positions in the securities and/or capital market products (including but not limited to shares, warrants, and/or derivatives), trade or otherwise effect transactions for its own account or the account of its customers or perform and/or solicit investment, advisory or other services from any of the subject company(ies) covered in this research report.

While the RHBIB Group will ensure that there are sufficient information barriers and internal controls in place where necessary, to prevent/manage any conflicts of interest to ensure the independence of this report, investors should also be aware that such conflict of interest may exist in view of the investment banking activities undertaken by the RHBIB Group as mentioned above and should exercise their own judgement before making any investment decisions.

In Singapore, investment research activities are conducted under RHB Bank Berhad (through its Singapore branch), and the disclaimers above similarly apply.
